

Manufacturing Capabilities

- Manufacturer of electronic and electro-mechanical assemblies, electrical wiring harnesses and cable assemblies
 - IPC J STD-001 Certified Solder Trainers
 - Surface-Mount and Thru-Hole Circuit Boards
 - Control Panels
 - Braided Assemblies
 - Insert Molding and Overmolding
 - Conformal Coating
 - Light Machining and Tool Fabrication

Engineering and Test Capabilities

- Engineering Services/Support for Design to Specification and/or Design Modifications
 - Digital and Analog Designs
 - Power Supply Designs
 - RF Amplifier Designs
 - Low EMI/RFI Designs
 - PCB Layout
- Comprehensive Array of Test Equipment and Solutions
 - Functional Testing
 - Environmental Testing
 - RF Test & Measurement
 - Leak/Immersion Testing
 - Hi-Pot Testing
 - Automated Harness Test Equipment
