Dear Sir,

**DCA Approval Under Malaysian Civil Aviation Regulations**

Reference is hereby made to your application pertaining to the renewal of above approval.

With reference to the DCA 145 Approval, kindly be advised that the Department has issued new regulation (April 2016) and requirements for better oversight of our aviation industry.

With regard to this, Airworthiness Notice 6501 is developed to provide the requirement governing the organisation to engage in maintenance of aeronautical product. Therefore, the previous Airworthiness Notice No. 70 is hereby superseded by the new Notice 6501 and the organisation is advised to comprehend the requirement as it will be the policy of the DCA Malaysia.

In addition to that, the Department is re-structuring the approval of the organisation to synchronise with the new requirement. A new approval number has been assigned to your organisation which is FAMO/2017/50 which replaced the current approval number. The organisation is required to amend and prepare any documentation that relates to DCA Malaysia by referring to the new approval number assigned.

Kindly find enclosed the Certificate of Approval No. FAMO/2017/50 issued to ONTIC Engineering and Manufacturing Asia Pacific Pte. Ltd. It is effective on 14 Feb 2017 and the certificate is valid until 14 Feb. 2018.

In conjunction with that, we are looking forward to continue working relationship with you and your organization. Once again please be reminded to use the reference number FAMO/2017/50 when corresponding with this office.
